Any personal information used by the 'NVOGO' service will be stored in the user database and will only be used to identify you as a user of any of the client websites. More information about how we handle your data can be found in the [privacy statement](#).

I agree to the privacy statement.

- The following notification will appear on your screen: “Your account has been created successfully. You will receive an email with instructions to confirm your email address.”. An email will be sent to the email address which you have entered in the registration form. Please open this email and click on **Confirm My Email**. If you didn't receive the email, please check if the confirmation email ended up in your spam folder and/or check if the email address you entered was correct.

5. After confirming your email address, you will get the following notification. Your NVOGO account has now been created and is currently subject to approval from our staff. Please note that this is a necessary step for us to avoid our portal being flooded by fake accounts. **We try to activate your account within 24 hours (on working days) after the creation of an account.**

The screenshot shows a web browser window with the following elements:
